

Instructions for Health Care Providers: Using MyBrainPacer™ for Educational or Clinical Purposes

1. Visit mybrainpacer.ca.
2. Tap 'Register'.

3. Review the 'MyBrainPacer™ Application Disclaimer'. Tap 'Continue'.
4. Review the 'Project Letter of Information and Consent Form for Participants'. Tap 'Continue'.
5. Review the 'Terms of Use (Mobile App)'. Tap 'Continue'.
6. Check that you confirm you have read and agree to the previous documents. Tap 'Continue'.
7. Register for MyBrainPacer™ by inputting your email and creating a password. Fill in the rest of the information fields. However, input simulated brain injury information for 'Date of injury', 'How did you hurt your head', 'Which part of your head did you hurt', and symptoms you experienced.
 - Use your organizational email address to register as it will help the MyBrainPacer™ team verify your account.
8. Check the box stating you are 'using MyBrainPacer™ for educational or clinical purposes.'

9. Tap 'Register'.
10. You can begin using MyBrainPacer™ immediately after registering.
11. Your request to use the app for educational or clinical purposes will be reviewed by the MyBrainPacer™ Team. Approvals may take 2-4 business days. Once approved, you will receive a confirmation email. Users with an educational or clinical account can continue to log in and use the app as any user with a brain injury would. However, your data will not be used for research purposes.
